Important Keys to Remember

• Diabetic supplies covered by the Student Health Plan are now available through any DMBA contracted pharmacy, including the SHC pharmacy. As of January 3, 2005, covered diabetic supplies are covered at 80% when you fill the prescription at a contracted pharmacy. If you have questions about diabetic supplies, please contact DMBA.
• If you are a continuing education student with fewer than nine credit hours per semester, you will not be enrolled automatically in the plan. You must enroll for coverage online, in person at the SHC Health Plan Office, or send a YMessage or email to healthplan@byu.edu.
• DMBA will assign you a unique ID number. This DMBA ID number is your policy number. Contact DMBA for your insurance card if you do not receive your ID number.
• The SHC is your primary source of medical care. Only eligible services not available at the SHC will be approved for outside referral.
• Preauthorization from DMBA is required before you receive care outside the SHC. If you are referred by an SHC physician, preauthorization will occur automatically.
• Always receive care from providers who are contracted through DMBA’s Preferred Provider Network. If you use non-contracted providers, your benefits will be lower.
• If you use non-contracted providers, you will be responsible to pay any charges over allowable amounts.
• New dependents must be enrolled within 60 days of the qualifying event (marriage, birth, or adoption placement).
• Not all services are covered by the plan. Please read the exclusions to see which services are not covered.
• You may change your coverage option only during the open enrollment period before each semester/term or within 60 days of acquiring a new dependent through marriage, birth, or adoption.
• You may disenroll from the plan at the beginning of any semester or term by providing verification that you have gained new medical insurance that meets BYU’s requirements.
• Coverage is effective the first day of classes and will end Sep. 4, 2023, or when you graduate or lose your continuing student status, whichever comes first.
• Your student account will be billed the appropriate premium (based on the coverage option you choose) at the beginning of each month during the academic year. This includes spring and summer terms.
• If you lose your private health insurance and choose to enroll in the Student Health Plan, your coverage will be effective on the first day of the semester/term.

BYU Student Health Plan
2022-2023
AUG. 29, 2022 TO SEP. 4, 2023

• Insurance coverage is mandatory for continuing students and will remain in effect for a full academic year, including spring and summer terms.
• The Student Health Center is your primary care provider.
• Open enrollment ends on the last day to add/drop (one week after each semester/term starts).
• Most medical services are available from the Student Health Center.
• No annual deductible.
• Coverage for hospitalization.
• Coverage for emergency care.
• Optional coverage for dependents.
• Out-of-area coverage.

<td>$ 1,896</td>
<td>$ 1,896</td>
<td>$ 948</td>
<td>$ 948</td>
</tr>
</tbody>
</table>

Maternity coverage is included for all students/policyholders. Non-student spouses must meet a $3,000 deductible per pregnancy for all maternity services before they can receive regular benefits.

---

1. Prescription Benefit: At the SHC pharmacy, the plan pays 80% and you pay 20% for covered drugs. At participating Navitus pharmacies, the plan pays 60% and you pay 40% for covered drugs. If you have any questions about help for high-cost or other drugs not covered by the plan, please discuss them with your SHC clinician.

2. Contact a DMBA authorization representative at 800-777-3622 before you receive the medical service.

3. Maximum benefit is $20,000 per academic year for services outside the SHC. For coverage of medical expenses above the maximum benefit, refer to BYU’s Large Claims Coverage Plan.

4. In Utah County, you must receive care at the BYU Student Health Center.

5. For nearly all laboratory services, the SHC sends tests to outside providers. These services will be covered at 80%.

6. **If you don't preauthorize services you receive outside of the health centers, when necessary, you pay a $100 copayment per service instead of the normal copayment.** Benefits for all services outside the SHC are based on the lesser of billed charges, contracted rates, or the allowable amounts for the services received, as determined by DMBA.

This pamphlet provides a brief description of plan benefits. It is not complete or a legal document.

For more information, access the Student Plan handbook at:

or pick up a copy at the Student Health Center Health Plan Office.

The handbook provides you with an explanation of your benefits under the BYU Student Health Plan and constitutes a legal contract between you and DMBA.
